

IMPORTANT NOTIFICATION TO NAMIBIAN IMPORTERS

20/May/2024

Dear Customer,

Thank you for using DHL Express to import your shipment into Namibia. Please read the below document to ensure you comply with Namibian Customs Regulations.

For DHL Namibia to efficiently and effectively assist with the clearance activities in importing your goods – DHL would like to draw your attention to the following:

You have 7 Days in which to submit the following documentation:

- **Customs Clearance Instruction** as attached, duly signed, and stamped by the authorized person or company receiving the goods.
- Please verify that all of the invoices pertaining to the order/shipment are present, and that the invoice values used are 100% correct and match the proof of payment made prior to import into Namibia.
- That the invoice **clearly states that it is a Commercial Invoice**.
- That the invoice has a **unique invoice number**.
- That the importer has a **valid import VAT Number**, if applicable.
- That the importer will, in the absence of a valid Import VAT Number, be liable for the payment of any Import VAT and /or Duties and /or any other customs-related import charges, to DHL Namibia, for DHL Namibia to make these payments due to Namibian Customs on your behalf.
- That you or your company is in possession of all the required import permits or import approvals should they be required.
(Note: DHL Namibia does not apply for these permits or approvals)
- That any required import permits and/or authorizations as may be stipulated by Namibian Legislation, Regulations, and/or Policy, are on hand and submitted with the Clearing Instruction, to avoid any delays.
- That you or your company will provide any additional documentation that may be requested by Namibian Customs from time-to-time at their discretion.
- Non-Compliance within 28 days will lead to your shipment(s) being handed over to the States Warehouse after which DHL can no longer recover the shipment.
- Should your shipment be undervalued, you may run the risk of having a fine and penalty imposed on you or the company, as stipulated in the Namibian Customs Act 20 of 1998.

It is important to note that NamRA (Namibian Customs) has significantly stepped up its compliance requirements. Any non-compliance by the Importer of Record or Consignee in Namibia may result in a fine or penalty being levied against the Importer of Record or the Consignee.

Therefore, DHL Namibia requests that the importer comply with the legal requirements as prescribed by the **Namibian Customs and Excise Act 20 of 1998**.

We thank you for your understanding and full compliance with the requirements of the Namibian Customs Act and all associated legislation.

Yours sincerely,
DHL Express Customs Clearance Team
DHL Namibia
