1 INTRODUCTION

The purpose of this agreement is to set the terms and conditions under which Sautech (Pty) Ltd ("Sautech") will provide Services ("the services") to Right E Pharmacy

1.1 Network Security – (Checkpoint Firewall)

The Supplier will configure and place the Firewalls at each of the Client's premises as indicated below. These firewalls will be outright purchased by the client through the Supplier as agreed upon and will remain the property of the client.

The Supplier utilizes CheckPoint Firewall – see extract-

- Top 100 of Fortune 100 utilizes checkpoint firewall security
- www.checkpoint.com for Gartner and other reports (Leader, 4 years in a row)
- CheckPoint VPN Clients (IPSEC)

Check Point Software Technologies Ltd. (www.checkpoint.com), the worldwide leader in securing the Internet, provides customers with uncompromised protection against all types of threats, reduces security complexity and lowers total cost of ownership. Check Point first pioneered the industry with FireWall-1 and its patented stateful inspection technology.

Today, Check Point continues to develop new innovations based on the Software Blade Architecture, providing customers with flexible and simple solutions that can be fully customized to meet the exact security needs of any organization. Check Point is the only vendor to go beyond technology and define security as a business process. Check Point 3D Security uniquely combines policy, people and enforcement for greater protection of information assets and helps organizations implement a blueprint for security that aligns with business needs. Customers include tens of thousands of organizations of all sizes, including all Fortune and Global 100 companies. Check Point's award-winning ZoneAlarm solutions protect millions of consumers from hackers, spyware and identity theft.

These Firewalls will be configured and only the uptime connections will be monitored on each of them by the Supplier. The client will be responsible for annual licenses renewals on the firewalls.

Replacement firewalls will be kept at Sautech's office and will serve as a backup incase of an emergency failure
