In terms of a ruling issued by SARS, this document together with proof of payment of premium constitutes an alternative tax invoice, debit note or credit note as contemplated in sections 20(7) and 21(5) of the VAT Act respectively and supersedes any policy documentation or renewal notice issued by insurers for this purpose.

For policy valuation purposes all amounts stated in the policy including sums insured, limits of cover, excesses and deductibles, are expressed inclusive of VAT at 15%. For clarity it is noted that in cases where an excess is expressly recovered by an insurer from an insured the excess amount in terms of the policy so recovered does not constitute a consideration as defined in the VAT Act and as such has no VAT consequence.

ENDORSEMENT FORMING PART OF THIS POLICY WITH EFFECT FROM 01 APRIL 2023

General exceptions

General exception (Electricity grid failure exclusion is added which reads as follows):

Electricity grid failure exclusion

Notwithstanding any provision of any section of this policy including any exclusion, condition, exception, insured peril, extension or other provision not mentioned herein, this policy does not cover any loss, damage/s (physical or financial), cost or expense of any type whatsoever, legal liability, or any consequential loss directly or indirectly caused by, attributable to, arising out of, resulting from, following or in any way in consequence of or in connection with any electricity grid failure (as defined below).

Electricity grid failure is an interruption to or suspension of electricity supply, in any manner, from whatsoever source, and for any reason (including damage and any inability and/or failure on the part of the supplier) which affects an entire municipality (including local, district, regional or any other level that is created by law) or province or the country at substantially the same time, including any interruption, power surge or suspension at the reconnection or reinstatement of electricity supply.

This exclusion also applies to consequential losses in respect of any public utilities that are affected by electricity grid failure including, but not limited to, the disruption of water, telecommunications and sewage systems as well as the deterioration of stock, food or other items.

This exclusion does not apply to loadshedding (defined below) which remains covered subject to the remaining terms and conditions set out in the policy.

Loadshedding is the intentional, total or partial, withholding of electricity supply (from any source) by any party other than the insured implemented in phases which do not affect a municipality (including local, district, regional or any other level that is created by law) or province or the country at substantially the same time.

The theft covers of the policy have security requirements, such as alarm systems. It must be noted that there is no cover in place if these requirements are not met in any way, whether directly or indirectly due to Electricity Grid Failure. The Provision in the alarm warranty that states cover will continue to be applicable whilst the alarm system is not operative due to a failure of the public supply of electricity at the terminal ends of the supply authority's service feeders and that such failure is not due to any act or omission of the Insured, is deleted should such unavailability of electricity be as a result of Electricity Grid Failure.

ENDORSEMENT FORMING PART OF THE GENERAL EXCEPTIONS OF THIS POLICY WITH EFFECT FROM 01DECEMBER 2022

 - 5.1.2. any loss of use, reduction in functionality, repair, replacement, restoration or reproduction of any Data, including any amount pertaining to the value of such Data, unless subject to the provisions of point 5.2 below.

If the media is not repaired, replaced or restored the basis of valuation shall be the cost of the blank Data Processing Media (however, this Policy does not cover any amount pertaining to the value of Data to the Insured or any other party, even if such Data cannot be recreated, gathered or assembled);

**FINANCIAL ADVISORY AND INTERMEDIARY SERVICES ACT (NO. 37 OF 2002)**

Important information that must be read carefully

General information

The Financial Advisory and Intermediary Services Act (FAIS) requires compliance by Product Suppliers (insurers) and Financial Services Providers (intermediaries or brokers) with a General Code of Conduct and was introduced to assist you in making informed decisions about the insurance products that you purchase. It also aims to ensure that your Product Supplier and Financial Services Provider (if applicable) render financial services honestly, fairly, with due skill, care and diligence and in your interests and the integrity of the financial services industry.

You will receive a Disclosure Notice at the inception of your policy and at each subsequent renewal (or anniversary) date. The Disclosure Notice relate to details about your Financial Services Provider and Product Supplier, additional general information and details about the Ombuds and the Registrar. You are entitled to this information and should you experience any difficulties in obtaining required details, please contact your Financial Services Provider or Product Supplier for further assistance.

Procedures for registering claims or complaints

Procedures for the submission of claims are detailed in your policy document and are important. If you have difficulties in determining the correct procedures, please contact your Financial Services Provider or Product Supplier for assistance. Generally, you are required to advise the Product Supplier within a prescribed number of days of a loss, provide written details of the loss, provide proof in support of a claim, report theft to the police and provide any other details that may be required by the Product Supplier.

If you are not satisfied with the information that you are provided with upon your request, you may choose to contact the Product Supplier or Financial Services Provider for assistance. Should you remain dissatisfied with the assistance provided, then you may contact our Compliance Officer at the address provided on the Disclosure Notice. In addition, the address of the REGISTRAR OF SHORT-TERM INSURANCE is provided should your complaint still not be satisfactorily resolved.

Name, class or type of policy

Full details about the name, class and type of policy involved are reflected on your policy schedule and is also contained in the policy wording. Policy schedules should always be read in conjunction with the policy wording. Should you require any explanation about the terms, conditions, provisions, premiums, excesses (or deductibles) or any other information, please contact your Financial Services Provider or Product Supplier for assistance as failure to comply with terms, conditions and provisions influence the insurance contract.

Extent and nature of premium obligations

Your policy document reflects the premiums payable, the due date of payment and the frequency of payment (e.g. monthly or annually). When amendments are made to the policy, an additional or refund premium may become due and such amounts are also reflected on the policy schedule or endorsement. All premiums are inclusive of Value Added Tax at the prescribed rate.

Some Financial Services Providers are authorised to accept premium payment on behalf of Product Suppliers and should your Financial Services Provider be authorised to do so, then you may make payment to such Financial Services Provider. Where a Financial Services Provider is not authorised to receive payment on behalf of the Product Supplier, your payment should be made in favour of the Product Supplier. Should you not operate through a Financial Services Provider, then your payment should be made directly to your Product Supplier. In the case of monthly premiums by debit order, payment is usually made to the Product Supplier directly, unless you have authorised such a payment via your Financial Services Provider or other third party, who have authority to collect premium on behalf of the Product Supplier.

First amounts payable (also known as excesses or deductibles)

It is important that you are aware of any amounts that you will be required to pay in the unfortunate event of a claim. Your policy schedule or wording contain the amounts that you pay as a portion of a claim amount and your Financial Services Provider or Product Supplier can assist you with any queries you have in this regard.
