

Microsoft 365 Android Setup

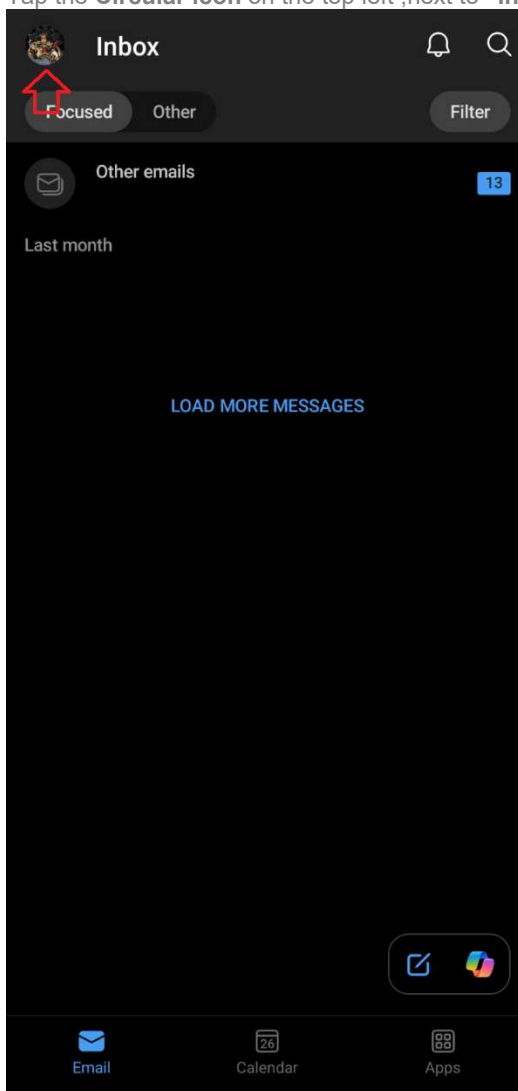

1 INTRODUCTION

The purpose of this document is to provide a complete step-by-step installation manual to configure your 365 Mailbox on your Android device. After all procedures in this document is followed completely, you will be able to connect to your new 365 Mailbox.

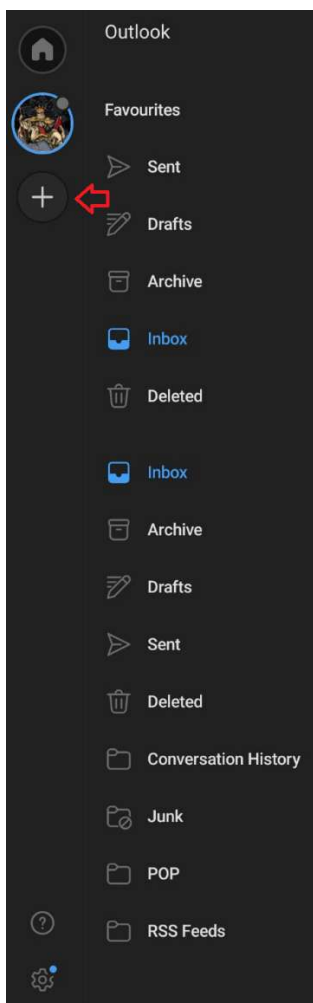

2 OUTLOOK SETUP

This procedure will help you configure your Microsoft 365 on Android.

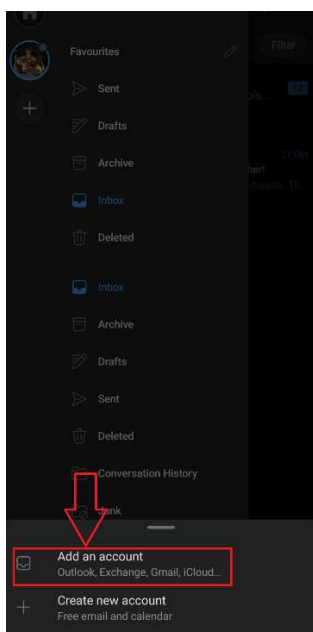

1. **Open Outlook App on your Android device.**
2. Tap the **Circular icon** on the top left ,next to “Inbox”.

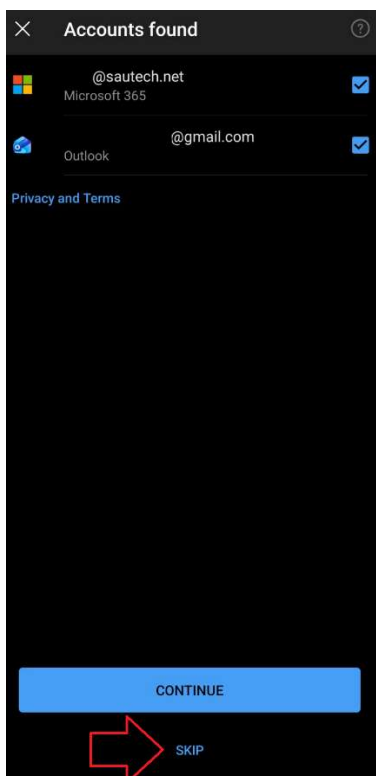

3. Tap the “Plus” icon to add a new account.

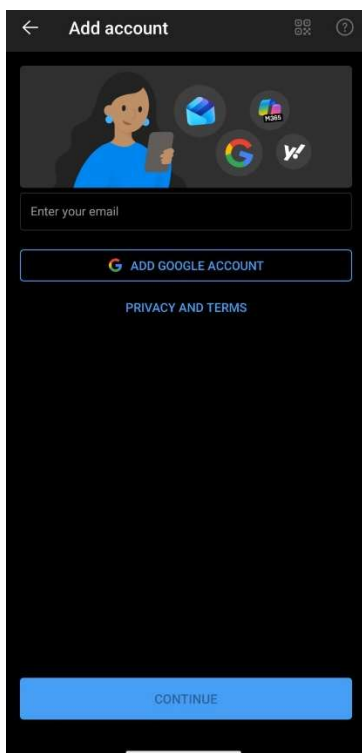

4. Tap “Add an account” at the bottom of your screen.

5. **Microsoft** might detect previously setup mailboxes, choose skip.

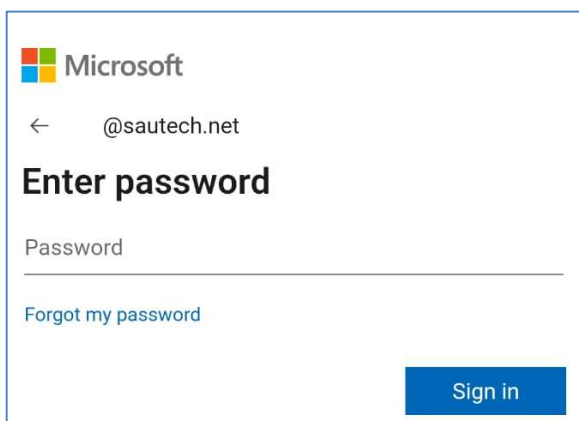

6. Enter your email address.

7. Enter your **password** and Tap "Sign in" (approve MFA if prompted).

The image shows a Microsoft sign-in interface. At the top left is the Microsoft logo. Below it is a back arrow and the email address '@sautech.net'. The main heading is 'Enter password'. Below this is a password input field with the placeholder text 'Password'. Under the input field is a link that says 'Forgot my password'. At the bottom right is a blue button labeled 'Sign in'.

8. Outlook will complete Authentication, and your mails should now be added.
