Armada Data Center Policies and Rules

The following policies regulate activities at the Armada Data Center (for convenience, referred to as "Armada DC " in this document). The following policies and procedures are necessary to ensure the security and reliability of systems residing in the Data Center.

Client Access to the Data Center

- Client access is restricted to authorized areas only.
- All personnel who access the Data Center must have proper authorization. Individuals without proper authorization will be considered as unauthorized visitor.
- Authorized person will have access to the Data Center at any time in accordance with the Data Center access policy.
- For DC tour purpose, Tours will be led by authorized data center employees and visitors will be required to comply with the Armada Data center access policy.
- All vendors must always wear vendor's badges or Identification

Equipment carried in/out of the Armada DC

- "Data Center Client Equipment List" form must be completed and submit in advance for all equipment installations, removals, and changes.

 PARATUS	Paratus Telecommunications (Pty) Ltd - Namibia	Document Number	PTNA-IMS-ARF-002
	ARMADA	Revision Number	
	ACCESS REQUEST FORM - CLIENT	Revision Date	17/08/2023

- Data Center Operation Head will deny entry to authorized clients or vendors who intend to install, remove, or rename equipment without an accurate equipment form.

Equipment Installation / Removing/ Changing

- Before mounting equipment into the data center, all equipment must have tested the power at Staging area.
- A staging area is available for the temporary unpacking and configuration of servers. The staging areas are offered as a convenience and not as a permanent storage area.
- Armada DC is not responsible for storing equipment.
- Charges will be incurred if the equipment is not moved from the receiving area in 14 calendar days.
- Power test passed equipment can be installed into the Data Center in accordance with the equipment installation procedure from Armada DC.
- All changes require approval and advance notifications.
- All changes require a "*Change Request Form*" be submitted from authorized applicant.

Security in the Data Center

- Any use of cameras, video, and other photographic equipment along with but not limited to audio monitoring and audio capture devices are prohibited within the Data Center without the express written permission of Armada DC.
- Closed circuit television (CCTV) cameras are used to monitor all areas of the facility including lobbies, common areas, customer lounge, data center floor space, and the fence areas for your safety.
